

REPORT OF AOA MOA IOA Pathshala

Dear all members of AOA

We feel proud to be members of AOA, which is growing in academic activities with tremendous pace.

As this activity was allocated by IOA President Dr. Ramesh Sen and Secretary Dr. Navin Thakkar, our MOA president Dr. Wasudeo Gadegone and Hon. Secretary Dr. Narayan Karne, requested us to organise the event under the banner of AOA.

.As most of us are past/present EXECUTIVE COMMITTEE members of MOA, we were delighted by the offer and accepted the challenge to organise the event in the POST COVID scenario.

The scientific programme was prepared by Course directors Dr. Vikas Agashe and Dr. Wasudeo Gadegone .

We had freedom of choosing the faculties from AOA.

Good surgeons and best presenters like Dr. Hari Chaudhari, Dr. Faisal Khan, Dr. Muktadeer Ansari, Dr. Sarang Deore, Prof. Lingayat, Prof. Girish Gadekar, Abhishek Shinde, Shivkumar Santapure, Yashwant Gade were selected from AOA side.

For Planning and execution of the event, we had only One Month.

Suggestions for appointing the organising team members were given by MOA president Dr. Wasudeo Gadegone.

Accordingly Dr. Yashwant Gade, (organising chairman) Sarang Deore (organising Secretary) Maruti Lingayat (coordinator and AOA PRESIDENT) Anil Dhule (AOA Secretary) Shivkumar Santapure (MOA representative) and Dr. Pramod Shinde(MOA representative and VP) were appointed

Inspite of the busy practise, the organising team members started meeting regularly and it was found that the TEAM had excellent rapport amongst themselves.

The intelligent and meticulous planning by Sarang started itself at the breakfast meeting at Sarang's beautiful home.

The task was difficult as we had to organise the event at a decent hotel with minimum registration fees with Credit points in one month.

We decided to organise the workshop at Rama International hotel as it's a preferred hotel by every body.

We kept the registration fees only 2500/- and raised the funds through sponsors, which was a difficult task.

As we approached the deadline of 30 th April, we got more sponsors.

But the sponsorship amount was very negligible (25-30 k per stall) to attract more sponsors to come forward.

We could get 25 sponsors, for which we erected stalls at the venue and space was small .

The entire picture looked like a mini MOACON.

The audio visual part was excellently handled by Mr. Gajanan and his team after lots of bargaining.

The food quality was beyond praising as we had conducted earlier 2-3. Events at Rama and the chefs and staff were knowing all our requirements.

The staff of Gade Hospital and Century hospital, including drivers took the challenge of Printing materials, gifts, momentos, and local travel arrangements for the faculties.

The medical representatives helped for registration counters and other logistics.

The highlight of the course were the faculties and the excellent scientific programme.

Faculties for whose lectures/interactions, we have to go to Mumbai, with huge registration fees, were present at our doorstep to deliver the best of their speeches.

Faculties like Dr. Vikas Agashe, Wasudeo Gadegone, Narayan Karne, R. M. Chandak, Sunil Kulkarni, Aditya Menon, Ayesha Sunawala, Sangeet Gawhale were present inspite of their very busy schedule and foreign trips just before the course.

They were well taken care of by the staff and organising team.

Total registrations for the course were 280, which is the record for a One day workshop.

Delegates from Paratwada, Loni, Pune, Satara, Sangli, and North Maharashtra's remote areas attended the course till the end.

The event was graced by the attendance of ex Dynamic Secretary of MOA Dr. Prakash Sigedar, executive committee member of MOA Dr. Sunil Nahata (Jalgaon) and Dr. Sandeep Biraris (Mumbai).

The course was blessed by the attendance of seniors and teachers Dr. N. K. Kapahtia, Ravindra Zavar, Vishnu TEKWANI, Sachin Saoji, Sunil Vare, Rajendra Shewale, Rajan UDHAN, Pradeep Kadam (Buldhana) ,Pradeep Kothadiya (Solapur), Atul Urgunde (Latur) and Prasanna Kalgaokar.

It was a pleasure to see these stalwarts in Orthopedics attending the course and giving their valuable suggestions.

PG students of Pravara, Navi Mumbai, KEM, Sion, GMC Auranagbad and MGM were in attentive learning mode till the end.

Even the HOD of Pravara medical college Dr.

Prafull Herode attended.

All delegates enjoyed the Orchestra of Pingale and team and Gala dinner at the venue with fun and enthusiasm.

Inspite of fasting in this Holy month of Ramadan, Muktadeer, Faizal, Naser , Abdulla were present throughout the course.

We felt sorry to organise the event in Ramadan but there was no alternative.

Muktadeer gave the feast of Sheekh Kabab and Haleem even though he was busy in last BIG FAST Prayers of Ramadan 🙏🙏

The event was awarded with 3 credit points by MMC , which will help the members in future.

We thank you Dr. Nitin Bhagali, MMC observer, for his guidance inspite of busy schedule.

Bags and Momentos were ordered at Sai Publishing agency at New Delhi , at a very reasonable cost.

The artificial bouquets were prepared by Dr. Ketaki Zawar(daughter of Dr. Ravindra and Ujwala Zawar). Those bouquets were very much appreciated by the dignitaries.

The event was live streamed on **ORTHO TV** . Thanks to Ashok Shyam and Neeraj Bijlani.

MOA DAY (1 st May) inauguration was organised by MOA Vice President Dr. Pramod Shinde and inaugurated by Dr. Wasudeo Gadegone.

The programme received applause from IOA SECRETARY Dr. Navin Thakkar ONLINE from Delhi.

Dr. Anjali Gade, Dr. Mrs . Deore took care of the spouses and helped them in logistics.

The chief guest of the inauguration ceremony on 30 th April was DEAN GMC Auranagbad,Dr. Varsha Rote (Kaginalkar), who was there inspite of her very busy schedule.

The moderators of the sessions Dr. Mangesh Panat, Ajay Moholkar, Abhishek Shinde, Kapil Pore , Sachin Patil, Akshay Marawar, Abdulla, Ajay Gour , Ajay Chinchole did their job with proper time management .

The faculties demonstrated the surgical tips and tricks by conducting saw bone model workshops on Multilock Supracondylar nailing (Sharma Surgical), GPS Supra Patellar Nailing (Yogeshwar Implants). And Preparation of Antibiotic cement Nail and Stimulan beads (very well demonstrated by Abhishek and Aditya Menon... sponsored by Biocomposite).

These workshops were the highest attractions of the course

Entire course was memorable.

We enjoyed a lot as Usual In academic front, meeting teachers, friends kids of the delegates and banquet.

Jai AOA MOA IOA

WE THANK YOU FOR YOUR SUPPORT AND COOPERATION

Sincerely yours,

THE TEAM

Yashwant Gade

Sarang Deore

Maruti Lingayat

Shivkumar Santapure

Pramod Shinde

Anil Dhule
